Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at El Camino at Rancho Cotate High School, 5450 Snyder Lane, Rohnert Park, CA, 94928.

Safety Plan Vision

All students and staff of public primary, elementary, junior high, and senior high schools have the inalienable right to attend campuses that are safe, secure, and peaceful.

(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines

(EC 32282(a)[2](C) (BP 5144.1, AR 5144.1, AR 5144.2, BP 5131)

It is the intent of the governing board to maintain a safe learning environment for all students. Student behavior management is conducted in a manner consistent with federal law, the Education Code of California, governing board policies, and district administrative regulations. School staff members adhere to the procedures set forth in the Student and Parent Handbook.

The Governing Board has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction. Except where suspension for a first offense is warranted in accordance with the law, the suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave

nature, expulsion is used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to him/herself or others. (Education Code 48915)

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be specified in Administrative Regulation 5144.1. Suspended or expelled students shall be excluded from all school related extracurricular activities during the period of suspension or expulsion.

Decision Not to Enforce Expulsion Order: On a case-by-case basis, the enforcement of an expulsion order may be suspended by the Board pursuant to the requirements of law.

Student Due Process: The Board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices and appeals as specified in administrative regulation and law. (Education Code 48911, 48915, 48915.5)

Comprehensive School Safety Plan 9 of 27 5/26/23

The Board recognizes that students who are suspended from school often have no supervision or guidance during school hours when they are off campus. The Board believes that in many cases, it would be better to address the student's misconduct by keeping the student at school and providing him/her with supervision that is separated from the regular classroom. The Superintendent or designee may establish a supervised in-house suspension program that meets the requirements of the law for suspended students who pose no imminent danger or threat at school and for whom an expulsion action has not been initiated. (Education Code 48900.5.) The Superintendent or designee may examine alternatives to off-campus suspension and may establish a suspension program that involves progressive discipline during the school day on campus; use of conferences between staff, parents/guardians, and students; detention; student study BP 5144.1 (b) teams or other assessment-related teams; and/or referral to school support services staff. The use of such alternatives does not preclude off-campus suspension.

(D) Procedures to Notify Teachers of Dangerous Pupils (EC 49079)

(EC 32282(a)[2](D); EC 49079) (BP 4158 AR 4158)

In accordance with EC 49079, the Superintendent informs the teacher of any student in his/her class who has engaged in, or is suspected of, any act during the previous three years which could constitute grounds for suspension or expulsion under EC 48900.

CRPUSD utilizes a contracted service called "Behavior Alert" that sends every teacher a coded email if one of their students gets suspended for any 48900 offense.

(E) Discrimination and Harassment Policies (EC 212.6 [b])

(EC 32282(a)[2](E); EC 234.4) (BP 5145.3, BP 5145.7, BP 5131.2, BP 5144.1)

DISCRIMINATION & HARASSMENT POLICY

CRPUSD is committed to maintaining a safe school environment that is free from discrimination and harassment. Discrimination against any student or employee and/or sexual harassment of any student or employee by another person is prohibited.

The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits sexual harassment of students at school or at school-sponsored or school-related activities. The Board also prohibits retaliatory behavior or action against any person who files a complaint, testifies, or otherwise participates in district complaint processes.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate instruction and information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment
3. Encouragement to report observed instances of sexual harassment, even where the victim of the harassment has not complained
4. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made
5. Information about the rights of students and parents/guardians to file a criminal complaint, as applicable

Complaint Process

Any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school related activity (e.g., by a visiting athlete or coach) shall immediately contact his/her teacher or any other employee. An employee who receives such a complaint shall report it in accordance with administrative regulations. The Superintendent or designee shall ensure that any complaints regarding sexual harassment are immediately investigated in accordance with administrative regulations. When the Superintendent or designee has determined that harassment has occurred, he/she shall take prompt, appropriate action to end the harassment and to address its effects on the victim.

Disciplinary Actions

Comprehensive School Safety Plan 10 of 27 5/26/23

Any student who engages in sexual harassment or sexual violence at school or at a school-sponsored or school-related activity is in violation of this policy and shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Confidentiality and Record-Keeping

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964) The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent\ repetitive harassing behavior in the schools.

(F) School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)

(EC 32282(a)[2](F)) (BP 5132, AR 5132)

Students are expected to dress in a way that is safe, not distracting to themselves or others, and allows them to fully participate in their academic and physical education activities.

The Governing Board desires to keep district schools and students free from the threats or harmful influence of any groups or gangs which exhibit drug use, violence, or disruptive behavior. The Superintendent or designee shall take steps to deter gang intimidation of students and confrontations between members of different gangs. He/she shall exchange information and establish mutually supportive efforts with local law enforcement authorities. To further discourage the influence of gangs, the Superintendent or designee shall ensure that school rules of conduct are enforced consistently and that all students have access to counselors as needed.

The Superintendent or designee shall provide in-service training which helps staff to identify gangs and gang symbols, recognize early manifestations of disruptive activities, and respond appropriately to gang behavior. Staff shall be informed about conflict management techniques and alerted to intervention measures and community resources that may help our students.

Prevention Education

The Board realizes that many students become involved in gangs without understanding the consequences of gang membership.

Early intervention is a key component of efforts to break the cycle of gang membership. Therefore gang violence prevention education in the third grade.

The California Legislature has declared that gang-related apparel is hazardous to the health and safety of the school environment. The Board recognizes that there is evidence of a gang presence in district schools that may disrupt or interfere with school activities. The Board has determined that the Superintendent or designee may establish reasonable dress code regulations prohibiting students from wearing gang-related apparel when necessary for the health and safety of the school environment

(G) Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff to and from School (EC 35294.2)
(EC 32282(a)[2](G)) (BP 5131)

CRPUSD annually defines procedures for the safe ingress and egress of pupils as well as details regarding the nature and hours of campus supervision, locations of safe drop-off and pick-up of students, and the safe ingress and egress to the campus. Safety procedures and expectations are described for those students who [drive cars,] ride the bus, ride their bikes, and walk to and from school.

All schools in CRPUSD have a plan for safe ingress and egress, policies and procedures are reviewed with pupils and staff and shared with parents.

Component:**H. ENSURING A SAFE AND ORDERLY ENVIRONMENT**

(EC 32282(a)[2](H))

EC 32282 (b) It is the intent of the Legislature that schools use the handbook developed and distributed by the School/Law Enforcement Partnership Program entitled "Safe Schools: A Planning Guide for Action" in conjunction with developing their plan for school safety.

Safe Schools: A Planning Guide for Action is based on four principles: safe schools are caring schools, are built through cooperative efforts of all stakeholders, communicate high standards, and stress prevention. The guide recommends a seven-step planning process to guide the planning committee in addressing the components of the safe-school model.

This Comprehensive School Safety Plan has incorporated the Safe Schools: A Planning Guide for Action Steps 1-3 (identifying a planning committee, creating a vision of a Safe School, and gathering and analyzing data.

Section H describes Steps 4 and 5: setting an annual goal(s) for each of the two safe school components: The Social Environment (people and programs) and the Physical Environment (facilities). This section further identifies at least one goal with measurable objectives and activities for each of the two safe school components.

Steps 6 and 7 (communicating and evaluating the plan) are incorporated into the full Comprehensive School Safety Plan and are found in the Monitoring and Communication Section. This school also publishes the status of the school safety plan in its annual School Accountability Report Card.

Standardized Emergency Response Management System Overview

The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. SEMS consists of five functions:

The principal of the school is responsible for all pre-disaster planning and preparedness for the school. In the event of an emergency, the principal or designee, will assume overall direction of disaster procedures for their school. The principal is the sole representative of the school communicating with the media. The following alternates are appointed to act in succession in the absence of the principal regarding administration and supervision of all aspects of the emergency: Assistant Principal, Office Manager
Every teacher should become thoroughly familiar with the contents of this emergency action guide, and students should be instructed in the procedures outlined for emergency action so they will be prepared to react quickly to instructions given to them in times of emergency.

Important Note: If an emergency drill occurs during break or lunch students will report to their next period teacher area when it is time to evacuate the building

ACTION OF SCHOOL STAFF

PRINCIPAL - The principal or if absent, the assistant principal, shall assume overall direction of emergency procedures.

Direct evacuation of building, as required, for fire, threatened explosion, or following cessation of earthquake tremors.

Arrange for transfer of students if threatened by floods or approaching fires.

The principal is the sole public information officer for communicating with the media and press unless designated otherwise.

TEACHERS - Teachers will be responsible for the supervision of students in their charge.

Direct evacuation of children in their charge to inside or outside assembly areas. Or Give DROP command during an earthquake or in a surprise attack.

Take roll when class relocates outside, inside an assembly area or at any other location.

Responsible for bringing backpack emergency supplies or "survival kit" & WALKIES (channel 3)

Hold up "I'm OK" if all students and adults are accounted for.

Hold up "Need Help" to report any students or adults are missing or injured.

Send students in need of first aid to school nurse or person trained in first aid.

Management

During an emergency, the Incident Commander directs response actions from a designated Command Post. To effectively do this, the Incident Commander must constantly assess the situation, and develop and implement appropriate strategies. The Incident Commander must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. This function is typically filled by the school principal. The principal is assisted in carrying out this function by a Public Information & Liaison Officer and Safety Officer.

Planning & Intelligence

Planning and Intelligence involves the use of various methods to efficiently gather information, weigh and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. These activities are performed by a single person who reports directly to the Incident Commander.

Operations

All response actions are implemented under by Operations. This includes staff performing first aid, crisis intervention, search and rescue, site security, damage assessment, evacuations, and the release of students.

Logistics

Logistics supports the response by coordinating personnel; assembling and deploying volunteers; providing supplies, equipment, and services; and facilitating communications among emergency responders.

Finance & Administration

Finance & Administration involves the purchasing of all necessary materials, tracking financial records, timekeeping for emergency

responders, and recovering school records following an emergency. These activities are performed by a single person who reports directly to the Incident Commander.

Step One: Identify the Type of Emergency

Step Two: Identify the Level of Emergency

Step Three: Determine the Immediate Response Action

Step Four: Communicate the Appropriate Response Action
