## ***Teacher Appreciation Week***

*It was fun to see and hear about all the celebrations that were happening at our different sites for Teacher Appreciation Week. Cards and drawings from students, tasty treats, supplies from wish lists, and bouquets of flowers were just a few ways that teachers were celebrated this week. Thank you for all you do to support our CRPUSD students!*

## ***School Lunch Heroes***

*Their capes don't drape behind their backs, but tie around their neck and waist. Aprons are their super power! Our food service staff are amazing. May 6th is known as School Lunch Hero Day. Between preparing healthy meals for our students, adhering to nutrition guidelines, navigating different food allergies, keeping the kitchen clean, and offering service with a smile, they definitely deserve this day to be celebrated. Thank you for your hard work and dedication.*

## ***SPECIAL EDUCATION COMMITTEE***

*The Special Education Committee met for the fourth time last week and finalized the CRPUSD Special Education Department Vision. The team has been gathering ideas and input from a variety of stakeholders. The committee shared ideas on how to communicate the vision and how to support families new to our special education programs. All ideas were noted for further discussion and implementation in the future. We also discussed that we are under CDE Compliance Monitoring due to holding late annual plan reviews and assessments. The team looked at the reasons why IEP's have been held late and have discovered that the delays are mostly COVID-related. The committee shared ideas on how to improve parent attendance and participation at IEP meetings. We look forward to our final meeting in May where we will review student input on the vision before moving forward with sharing it with the community.*
