School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Facility Conditions and Planned Improvements (Most Recent Year)

John Reed, constructed in 1961, is the oldest school in the Cotati-Rohnert Park Unified School District. John Reed contained twenty-three classrooms, a school library, a computer lab and a multi-purpose room. Two classrooms that house our after school YMCA program are housed in portable buildings. John Reed has been modernized. The first phase of reconstruction began in June 1999, with classrooms in A and D wings renovated by September 1999. Reconstruction for classrooms in B and C wings took place in the summer of 2000, and the office and kindergarten wing 4 were under construction the summer of 2001. Remodeled classrooms included additional wiring for computers and additional storage for materials. The school was repainted during the summer of 2001, with the two portable buildings painted in the summer of 2002.

District maintenance staff continues to improve the general appearance and condition of the school. As with all schools, John Reed had safety inspections by the fire marshal, health department, and insurance carriers. Reports have been positive, and when problems are noted, they are addressed quickly. Reed passed two County and three State inspections in 2005 as part of the Williams Act. Reed successfully passed another Williams inspection in August 2018. Handicap accessibility needs and improvements are continually reviewed. The three-year asbestos re-inspection was completed in December 2011.

A complete renovation was conducted during the summer of 2018. The school increased from approximately 250 students to 450 students. The grade served are currently TK-5. All rooms were repaired/re-painted and had carpet installed. In addition all rooms received new furniture that features flexible seating arrangements. Three portables were added to the front of the building-two house the Learning Centers and one houses a Special Day Class. In addition, one portable was added in back of the building to make three portables for the YMCA program.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in Science for All Students

Grades Five, Eight, and Ten

Subject	Percentage of Students Meeting or Exceeding the State Standard					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
Science (grades 5, 8, and 10)	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

Opportunities abound for parent involvement at John Reed School. Parents can volunteer in the classrooms, become PTA members and volunteer for PTA sponsored evening events. The PTA meets monthly and sponsors many activities such as the Walk-a-thon, skate nights at our local roller rink, and family fun nights. Parents are always welcome and encouraged to participate in field trips as well. At our monthly student recognition assemblies parents are informed of upcoming events and can students receive awards, such as Positive Office Referrals and Leopard Spots . Parents are encouraged to become involved in PTA, ELAC and School Site Council.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State		
	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18
Suspensions	1.3	2.1	1.2	5.2	5.5	5.9	3.7	3.7	3.5
Expulsions	0.0	0.0	0.0	0.2	0.1	0.3	0.1	0.1	0.1

School Safety Plan (School Year 2018-19)

John Reed School has a comprehensive school safety plan which addresses maintaining a safe school culture as well as disaster preparedness. We practice and reinforce Positive Behavior Interventions Strategies on a daily basis. We utilize a school wide program, PBIS, to foster positive problem solving skills and the development of empathy and respect. In addition we have a part-time school counselor. Students are given clear behavior expectations both in the classroom and in the common areas of the school. Teachers view videos with students and then follow PBIS lesson plans to teach, consistent school wide expectations. We recognize students for making good choices at our monthly assembly and by awarding Positive Office Referrals and Leopard Spots for being caught modeling "positive behavior."

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Average Class Size and Class Size Distribution (Elementary)

Grade Level	2015-16				2016-17				2017-18			
	Avg. Class Size	Number of Classes			Avg. Class Size	Number of Classes			Avg. Class Size	Number of Classes

Professional Development (Most Recent Three Years)

Professional Development in the Cotati-Rohnert Park Unified School Districts targets research-proven best practices. In addition to three days of training provided outside of the student instructional year, teachers have numerous opportunities to develop as professionals through district-sponsored trainings offered through release time and on regularly scheduled professional development dates. The elementary schools have two afternoons per month for professional development. The district is in the process of transitioning to the Common Core State Standards so these professional development days support this transition. One day each month targets English language arts and one day targets mathematics. At the secondary level, a similar structure is in place for professional development in English language arts and mathematics and department teams taking leadership for implementing training in other content areas. Professional coaching in implementation of effective reading instruction is provided to every elementary and middle school English language arts teacher on at least a quarterly basis. Data coaching meetings are held for interested 1st through 12th grade teachers following each benchmark assessment. One of our district mottos is “learning for a lifetime” and we promote adult learning as prerequisite to continuous school and district improvement.
