## School Accountability Report Card

### Reported Using Data from the 2017-18 School Year

#### Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Hahn is located on approximately ten acres adjacent to Honeybee Park. The school is made up of varied types of construction, with 16 portable classrooms and 3 permanent buildings that house 10 classrooms. School operations originally began in 1978 with three permanent classroom buildings. The MU was built in 1987. Additional permanent classroom buildings and the office complex were constructed in 1999. In the summer of 2008, two (2) portable classrooms were added to accommodate the increase in enrollment. The YMCA program is also housed in a doublewide portable on campus.

Like all District schools, the fire marshal, health department, and insurance carrier have inspected Marguerite Hahn. The reports are positive, and when problems are noted, they are addressed immediately.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
<b>English Language Arts/Literacy (grades 3-8 and 11)</b>	54.0	61.0	45.0	49.0	48.0	50.0
<b>Mathematics (grades 3-8 and 11)</b>	45.0	47.0	31.0	32.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
<b>All Students</b>	239	238	99.58	61.34

English Learners	34	34	100.00	58.82
Students with Disabilities	26	26	100.00	38.46

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

#### CAASPP Test Results in Mathematics by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

**State Priority: Other Pupil Outcomes**

**C. Engagement**

**State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

**Opportunities for Parental Involvement (School Year 2018-19)**

Marguerite Hahn Elementary School has an open campus where families are welcome and encouraged to volunteer, participate in classrooms, and school life. Principal Hankerson does second cup of coffee several times throughout the school year to encourage families to get involved and provide input. Parents can learn about the dates by the Principal Newsletter, flyers that go home, the school marquee, and by calling the office 588-5675.

Hahn also has an active and involved PTA organization. The PTA sponsors family fun nights, walk and roll to school days, and support an art program for every child. Many parents are involved in the everyday life of the school, giving thousands of hours of volunteer help in our classrooms, playgrounds and office. With PTA involvement we are able to provide a well-rounded educational program for our students. Parents can follow the Hahn PTA facebook page, look for flyers in homework folders, signup to help using the signup genius website which goes out in an e-mail before events.

## State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan (School Year 2018-19)

Marguerite Hahn School is a TK through fifth grade school in the suburb of Rohnert Park, a city of approximately 50,000. It is located in a middle class neighborhood of primarily single-family homes near a golf course and small, neighborhood shopping center. There is little crime in the neighborhood or on the campus. It is important to us that we maintain an environment in which safety and security of our students is the goal of the entire community. In accordance with Education Code 35294.6, Hahn's Safety Plan is reviewed, evaluated and amended each year by site council. The PTA provides supplies for the emergency kits. The complete version of the School Safety Plan is available online and in the school office.

Various types of emergency drills are practiced monthly during the school day including: fire drill, earthquake drills, lock down drills, and criminal activity drills. In addition, staff practices various scenarios and roles that they may experience during emergency situations during monthly staff meetings, including: active shooter, student allergies, what to do if you suspect a head injury on the playground, etc. At least one time a year, students, staff and parents practice a full scale earthquake drill, where kindergarten students are released to their families using our emergency release system.

**Professional Development (Most Recent Three Years)**

Professional Development in the Cotati-Rohnert Park Unified School Districts targets research-proven best practices. Before school started, staff had training in PowerSchools, which is our new student information system, they also had training in Eureka Math, which is a newly adopted math curriculum, and Direct Interactive Instruction training (DII). The elementary schools have two afternoons per month for professional development, during these times staff has had training in professional learning communities (PLC) as well as holding PLC meetings. During PLC meetings, teachers identify a priority standard, share successful teaching strategies based on data, and plan instruction and next steps.

Hahn Elementary teachers also attended a two day Direct Instruction training, teachers then have a coach, two times a year to help plan and design and implement lessons. Hahn Elementary also has a team of teachers attending PBIS trainings. Our third grade team, spends time giving the Lexia Rapid Assessment, and teachers use the data to plan instruction. In addition, 3rd grade teachers are given training in Lexia. Our IT department has also started monthly trainings for staff around specific computer skills/topics one time a month. One of our district mottos is "learning for a lifetime" and we promote adult learning as prerequisite to continuous school and district improvement.
