Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at Monte Vista Elementary, 1400 Magnolia, Rohnert Park, CA, 94928.

Safety Plan Vision

(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines

(EC 32282(a)[2](C) (BP 5144.1, AR 5144.1, AR 5144.2, BP 5131)

It is the intent of the governing board to maintain a safe learning environment for all students. Student behavior management is conducted in a manner consistent with federal law, the Education Code of California, governing board policies, and district administrative regulations. School staff members adhere to the procedures set forth in the Student and Parent Handbook.

The Governing Board has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction. Except where suspension for a first offense is warranted in accordance with the law, the suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion is used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to him/herself or others. (Education Code 48915)

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be specified in Administrative Regulation 5144.1. Suspended or expelled students shall be excluded from all school-related extracurricular activities during the period of suspension or expulsion.

Decision Not to Enforce Expulsion Order: On a case-by-case basis, the enforcement of an expulsion order may be suspended by the Board pursuant to the requirements of law.

Student Due Process: The Board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices and appeals as specified in administrative regulation and law. (Education Code 48911, 48915, 48915.5)

The Board recognizes that students who are suspended from school often have no supervision or guidance during school hours when they are off campus. The Board believes that in many cases, it would be better to address the student's misconduct by keeping the student at school and providing him/her with supervision that is separated from the regular classroom. The Superintendent or designee may establish a supervised in-house suspension program that meets the requirements of the law for suspended students who pose no imminent danger or threat at school and for whom an expulsion action has not been initiated. (Education Code 48900.5.) The Superintendent or designee may examine alternatives to off-campus suspension and may establish a suspension program that involves progressive discipline during the school day on campus; use of conferences between staff, parents/guardians, and students; detention; student study BP 5144.1 (b) teams or other assessment-related teams; and/or referral to school support services staff. The use of such alternatives does not preclude off-campus suspension.

(D) Procedures to Notify Teachers of Dangerous Pupils (EC 49079)

(EC 32282(a)[2](D); EC 49079) (BP 4158 AR 4158)

In accordance with EC 49079, the Superintendent informs the teacher of any student in his/her class who has engaged in, or is suspected of, any act during the previous three years which could constitute grounds for suspension or expulsion under EC 48900.

CRPUSD utilizes a contracted service called "Behavior Alert" that sends every teacher a coded email if one of their students gets suspended for any 48900 offense.

(E) Discrimination and Harassment Policies (EC 212.6 [b])

(EC 32282(a)[2](E); EC 234.4) (BP 5145.3, BP 5145.7, BP 5131.2, BP 5144.1)

DISCRIMINATION & HARASSMENT POLICY

CRPUSD is committed to maintaining a safe school environment that is free from discrimination and harassment. Discrimination against any student or employee and/or sexual harassment of any student or employee by another person is prohibited.

The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits sexual harassment of students at school or at school-sponsored or school-related activities. The Board also prohibits retaliatory behavior or action against any person who files a complaint, testifies, or otherwise participates in district complaint processes.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate instruction and information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment
3. Encouragement to report observed instances of sexual harassment, even where the victim of the harassment has not complained
4. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made
5. Information about the rights of students and parents/guardians to file a criminal complaint, as applicable

Complaint Process

Any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity (e.g., by a visiting athlete or coach) shall immediately contact his/her teacher or any other employee. An employee who receives such a complaint shall report it in accordance with administrative regulations. The Superintendent or designee shall ensure that any complaints regarding sexual harassment are immediately investigated in accordance with administrative regulations. When the Superintendent or designee has determined that harassment has occurred, he/she shall take prompt, appropriate action to end the harassment and to address its effects on the victim.

Disciplinary Actions

Any student who engages in sexual harassment or sexual violence at school or at a school-sponsored or school-related activity is in violation of this policy and shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Confidentiality and Record-Keeping

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964) The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in the schools.

(F) School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)

(EC 32282(a)[2](F)) (BP 5132, AR 5132)

Students are expected to dress in a way that is safe, not distracting to themselves or others, and allows them to fully participate in their academic and physical education activities.

The Governing Board desires to keep district schools and students free from the threats or harmful influence of any groups or gangs which exhibit drug use, violence, or disruptive behavior. The Superintendent or designee shall take steps to deter gang intimidation of students and confrontations between members of different gangs. He/she shall exchange information and establish mutually supportive efforts with local law enforcement authorities. To further discourage the influence of gangs, the Superintendent or designee shall ensure that school rules of conduct are enforced consistently and that all students have access to counselors as needed.

The Superintendent or designee shall provide in-service training which helps staff to identify gangs and gang symbols, recognize early manifestations of disruptive activities, and respond appropriately to gang behavior. Staff shall be informed about conflict management techniques and alerted to intervention measures and community resources that may help our students.

Prevention Education

The Board realizes that many students become involved in gangs without understanding the consequences of gang membership. Early intervention is a key component of efforts to break the cycle of gang membership.

The California Legislature has declared that gang-related apparel is hazardous to the health and safety of the school environment. The Board recognizes that there is evidence of a gang presence in district schools that may disrupt or interfere with school activities. The Board has determined that the Superintendent or designee may establish reasonable dress code regulations prohibiting students from wearing gang-related apparel when necessary for the health and safety of the school environment.

(G) Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff to and from School (EC 35294.2)

(EC 32282(a)[2](G)) (BP 5131)

CRPUSD annually defines procedures for the safe ingress and egress of pupils as well as details regarding the nature and hours of campus supervision, locations of safe drop-off and pick-up of students, and the safe ingress and egress to the campus. Safety procedures and expectations are described for those students who [drive cars,] ride the bus, ride their bikes, and walk to and from school.

All schools in CRPUSD have a plan for safe ingress and egress, policies and procedures are reviewed with pupils and staff and shared with parents.

H. ENSURING A SAFE AND ORDERLY ENVIRONMENT

(EC 32282(a)[2](H))

EC 32282 (b) It is the intent of the Legislature that schools use the handbook developed and distributed by the School/Law Enforcement Partnership Program entitled "Safe Schools: A Planning Guide for Action" in conjunction with developing their plan for school safety.

Safe Schools: A Planning Guide for Action is based on four principles: safe schools are caring schools, are built through cooperative efforts of all stakeholders, communicate high standards, and stress prevention. The guide recommends a seven-step planning process to guide the planning committee in addressing the components of the safe-school model.

This Comprehensive School Safety Plan has incorporated the Safe Schools: A Planning Guide for Action Steps 1-3 (identifying a planning committee, creating a vision of a Safe School, and gathering and analyzing data.

Section H describes Steps 4 and 5: setting an annual goal(s) for each of the two safe school components: The Social Environment (people and programs) and the Physical Environment (facilities). This section further identifies at least one goal with measurable objectives and activities for each of the two safe school components.

Steps 6 and 7 (communicating and evaluating the plan) are incorporated into the full Comprehensive School Safety Plan and are found in the Monitoring and Communication Section. This school also publishes the status of the school safety plan in its annual School Accountability Report Card.

When a school official suspects that a search of a student or his/her belongings will turn up evidence of the student's violation of the law or school rules, such a search shall be conducted in accordance with BP/AR 5145.12 - Search and Seizure.

When a student uses any prohibited device or uses a permitted device in any unethical or illegal activity, a district employee may confiscate the device. The employee shall store the item in a secure manner and may either return it at the end of the class period or school day or keep it until the principal or designee has consulted with the student's parent/guardian.

Students who violate district or school rules and regulations may be subject to discipline including, but not limited to, suspension, expulsion, transfer to alternative programs, referral to a student success team or counseling services, or denial of participation in extracurricular or cocurricular activities or other privileges in accordance with Board policy and administrative regulation. The Superintendent or designee shall notify local law enforcement as appropriate.

General procedures for Shelter-in-Place, Lockdown, and Evacuation, [and Run-Hide-Fight] are contained in Annex B of the Emergency Operations Plan.

Each school in CRPUSD has an Emergency Operation Plan that details the procedures in the event of an active shooter.

The district will not tolerate discrimination, intimidation, harassment, bullying, or any behavior that infringes on the safety or well-being of students, staff, or any other persons within the district's jurisdiction whether directed at an individual or group. (Education Code 234.1)

Ensuring that each school establishes clear rules for student conduct and implements strategies to promote a positive, collaborative school climate

Providing to students, through student handbooks and other age-appropriate means, information about the district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying

Encouraging students to notify school staff when they are being bullied or when they suspect that another student is being bullied, and providing means by which students may report threats or incidents confidentially and anonymously

Conducting an assessment of bullying incidents at each school and, if necessary, increasing supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, and cafeterias

Students should be taught the difference between appropriate and inappropriate behaviors, how to advocate for themselves, how to help another student who is being bullied, and when to seek assistance from a trusted adult. As role models for students, staff shall be expected to demonstrate effective problem-solving and anger management skills.

To discourage cyberbullying, teachers may advise students to be cautious about sharing passwords, personal data, or private photos online and to consider the consequences of making negative comments about others online.

Reporting and Filing of Complaints

Any student, parent/guardian, or other individuals who believe that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a compliance officer, or any other available school employee.

When a report of bullying is submitted that alleges discriminatory harassment, the principal or a district compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with AR 1312.3 - Uniform Complaint Procedures. (Education Code 48900.9)

If any student involved in bullying exhibits warning signs of suicidal thoughts or intention or of intent to harm another person, the superintendent or designee shall, as appropriate, implement district intervention protocols which may include, but are not limited to, referral to district or community mental health services, other health professionals, and/or law enforcement. Incident Command Team Responsibilities

Standardized Emergency Response Management System Overview

The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. SEMS consists of five functions:

The principal of the school is responsible for all pre-disaster planning and preparedness for the school. In the event of an emergency, the principal or designee, will assume overall direction of disaster procedures for their school. The Principal is Rachel Galdamez.

Management

During an emergency, the Incident Commander directs response actions from a designated Command Post. To effectively do this, the Incident Commander must constantly assess the situation, and develop and implement appropriate strategies. The Incident Commander must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. This function is typically filled by the school principal. The principal is assisted in carrying out this function by a Public Information & Liaison Officer and Safety Officer.

Planning & Intelligence

Planning and Intelligence involves the use of various methods to efficiently gather information, weigh and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. These activities are performed by a single person who reports directly to the Incident Commander.

Operations

All response actions are implemented under by Operations. This includes staff performing first aid, crisis intervention, search and rescue, site security, damage assessment, evacuations, and the release of students.

Logistics

Logistics supports the response by coordinating personnel; assembling and deploying volunteers; providing supplies, equipment, and services; and facilitating communications among emergency responders.

Finance & Administration

Finance & Administration involves the purchasing of all necessary materials, tracking financial records, timekeeping for emergency responders, and recovering school records following an emergency. These activities are performed by a single person who reports directly to the Incident Commander.

Step Two: Identify the Level of Emergency

Informe de Responsabilidad Escolar para 2022-2023 (Publicado Durante el Ciclo Escolar 2023-2024)

Información General sobre el Informe de Responsabilidad Escolar (SARC)

Sobre el SARC

La ley estatal requiere que cada escuela en el estado de California publique un informe de responsabilidad escolar (SARC, por sus siglas en inglés), para el 1 de febrero de cada año. El SARC contiene información sobre la condición y desempeño de cada escuela pública en California. Bajo la fórmula de financiamiento bajo control local (LCFF, por sus siglas en inglés) todas las agencias educativas locales (LEA, por sus siglas en inglés) son requeridas preparar un plan de responsabilidad bajo control local (LCAP, por sus siglas en inglés), que describe como intentan cumplir las metas anuales específicas a la escuela para todos los alumnos, con actividades específicas para abordar prioridades estatales y locales. Además, datos reportados en un LCAP debe ser consistente con los datos reportados en el SARC.

- Para mayores informes sobre los requisitos del SARC, favor de consultar la página web del SARC del Departamento de Educación de California (CDE, por sus siglas en inglés), en www.cde.ca.gov/ta/ac/sa/
- Para más información sobre el LCFF o LCAP, consulte el sitio web LCFF de CDE en www.cde.ca.gov/fg/aa/lc/
- Si los padres y el público general desean recibir información adicional sobre la escuela, pueden comunicarse con el director o la oficina del distrito.

DataQuest

DataQuest es una herramienta en línea ubicada en el sitio web *DataQuest* de CDE en dq.cde.ca.gov/dataquest/ que cuenta con información adicional sobre esta escuela y comparaciones de la escuela con el distrito, el condado, y el estado. Específicamente, *DataQuest* es un sistema dinámico que proporciona informes para contabilidad (p. ej., datos de pruebas, matriculación, egresados de escuela preparatoria, abandono escolar, matriculación en cursos, dotación, y datos relacionados a Estudiantes del Inglés).

Interfaz (*Dashboard*) Escolar de California

La Interfaz Escolar de California (*Dashboard*) www.caschooldashboard.org/ refleja el nuevo sistema de contabilidad y continuo mejoramiento de California y proporciona información sobre como los LEA y las escuelas están cumpliendo las necesidades de la diversa población estudiantil de California. La Interfaz (*Dashboard*) cuenta con informes que exhiben el desempeño de los LEA, las escuelas y los grupos estudiantiles en un grupo de medidas estatales y locales para ayudar a identificar las fortalezas, desafíos y áreas necesitando mejoramiento.

Acceso al Internet

Acceso al Internet está disponible en bibliotecas públicas y otras ubicaciones que son accesibles al público (p.ej., la Biblioteca Estatal de California). Acceso al Internet en bibliotecas y otras ubicaciones públicas es generalmente proporcionado a base de orden de llegada. Otras restricciones de uso pueden incluir el horario de operación, el plazo de tiempo que se puede usar una estación de trabajo (dependiendo en disponibilidad), los tipos de programas informáticos disponibles en una estación de trabajo y la habilidad de poder imprimir documentos.

Los datos sobre maestros para el SARC de 2022-23 no estarán disponibles antes del 1 de febrero de 2024 y por lo tanto no son incluidos en la plantilla.

Nota: Los datos en esta tabla están basados en estatus como Equivalente a Tiempo Completo (FTE, por sus siglas en inglés). Un FTE es igual a un miembro del personal trabajando tiempo completo; un FTE también puede representar a dos miembros del personal donde cada uno trabaja 50 por ciento del tiempo completo. Adicionalmente, una asignación se define como un cargo donde un educador es asignado a base de entorno, materia y nivel de grado. Una autorización se define como los servicios que un educador es autorizado proporcionar a los alumnos.

Condiciones de Instalación Escolar y Mejoras Planeadas

Monte Vista abrió sus puertas tras la construcción inicial en 1990. En 1993, se añadieron como edificios permanentes MU/cocina, la biblioteca/administración, el kínder y otros salones de clases. Durante el verano de 1997, se añadieron seis salones de clases portátiles adicionales para acomodar el mayor número de clases, resultado de la reducción del tamaño de las clases en los grados K-3. Además, un programa de la YMCA se encuentra en un edificio portátil de doble ancho en el sitio. La escuela cuenta con 23 salones de clases, una sala multiusos, una sala para el personal, un despacho y una sala de trabajo, una sala de seminarios, una biblioteca, un laboratorio de informática, estructuras de juego actualizadas y un almacén. Los edificios de Monte Vista ocupan ahora más de 51,200 pies cuadrados en más de 8.75 acres.

La preservación a largo plazo de Monte Vista forma parte del plan de mantenimiento diferido de cinco años del distrito, tal y como exige el Estado. Como participante en el plan, el plantel fue pintado en el verano de 2005. Las alfombras de los salones de clases y los edificios escolares se sustituyen cuando es necesario. Durante el verano de 2020 se instaló una nueva alfombra en la Oficina y en la sala de trabajo del personal. En 2007, los fondos de mantenimiento diferido se utilizaron para sustituir el suelo de 13 salones de clases y 2 baños, junto con nuevas mamparas de baño y la reparación de las aceras de hormigón. En la actualidad, el personal de custodia de las instalaciones se encarga de su mantenimiento diario, complementado por el Departamento de Mantenimiento y Operaciones del Distrito. Las necesidades de accesibilidad para discapacitados y las mejoras se revisan continuamente. Dado que el plantel se construyó después del 12 de octubre de 1988, las prácticas de construcción prohibían el ACBM.

B. Resultados Estudiantiles

Prioridad Estatal: Rendimiento Estudiantil

El SARC proporciona la siguiente información relevante a la prioridad estatal de rendimiento estudiantil (Prioridad 4):

Evaluaciones a Nivel Estatal

(p. ej., Evaluación de Rendimiento Estudiantil y Progreso de California [CAASPP, por sus siglas en inglés], que incluye las Evaluaciones Sumativas *Smarter Balanced* para alumnos en población de educación general y las Evaluaciones Alternativas de California [CAA, por sus siglas en inglés] para artes lingüísticas del inglés [ELA, por sus siglas en inglés]/lectoescritura y matemáticas administradas en tercero a octavo y onceavo año. Solo alumnos elegibles pueden participar en la administración de las CAA. Material CAA cumple con las normas de rendimiento alternativo, las cuales están vinculadas con las Normas Básicas Comunes Estatales [CCSS, por sus siglas en inglés] para alumnos con discapacidades cognitivas significativas).

El Sistema CAASPP abarca las siguientes evaluaciones y requisitos de participación estudiantil:

1. **Evaluaciones Sumativas *Smarter Balanced* y Evaluaciones Alternativas de California (CAA, por sus siglas en inglés) para ELA** en tercero a octavo grado y onceavo grado.
2. **Evaluaciones Sumativas *Smarter Balanced* y Evaluaciones Alternativas de California (CAA, por sus siglas en inglés) para Matemáticas** en tercero a octavo grado y onceavo grado.
3. **Prueba de Ciencia de California (CAST, por sus siglas en inglés) Evaluaciones Alternativas de California (CAA, por sus siglas en inglés) para Ciencia** en quinto y octavo grado y al estar en la escuela preparatoria (es decir, décimo, onceavo o doceavo grado).

Porcentaje de Alumnos Cumpliendo o Superando la Norma Estatal para CAASPP

Esta tabla exhibe los resultados de la prueba CAASPP para ELA y matemáticas para todos los alumnos de tercero a octavo y onceavo grado tomando y completando una evaluación administrada por el estado.

Porcentaje no son calculados cuando la cantidad de alumnos realizando la prueba es diez o menos, ya sea porque la cantidad de alumnos en esta categoría es demasiado chica para precisión estadística o para proteger privacidad estudiantil.

Los resultados de prueba ELA y matemática incluyen la Evaluación Sumativa *Smarter Balanced* y la CAA. El “Porcentaje Cumpliendo o Superando” es calculado al tomar la cantidad total de alumnos que cumplieron o superaron la norma en la Evaluación Sumativa *Smarter Balanced* sumando la cantidad total de alumnos que cumplieron la norma (es decir, logró Nivel 3-Alternativo) en CAA dividido por la cantidad total de alumnos que participaron en ambas evaluaciones.

Esta tabla exhibe los resultados de la prueba CAASPP para ELA por grupo estudiantil para alumnos de tercero a octavo y onceavo grado tomando y completando una evaluación administradas por el estado.

Los resultados de prueba ELA y matemática incluyen la Evaluación Sumativa *Smarter Balanced* y la CAA. El “Porcentaje Cumpliendo o Superando” es calculado al tomar la cantidad total de alumnos que cumplieron o superaron la norma en la Evaluación Sumativa *Smarter Balanced* sumando la cantidad total de alumnos que cumplieron la norma (es decir, logró Nivel 3-Alternativo) en CAA dividido por la cantidad total de alumnos que participaron en ambas evaluaciones.

Doble rayas (--) aparecen en la tabla cuando la cantidad de alumnos es diez o menos, ya sea porque la cantidad de alumnos en esta categoría es demasiado chica para precisión estadística o para proteger la privacidad estudiantil.

La cantidad de alumnos que realizaron las pruebas incluye todos los alumnos que participaron en la prueba sin importar que hayan recibido una puntuación o no; sin embargo, la cantidad de alumnos que realizaron las pruebas no es la cifra que fue utilizada para calcular los porcentajes del nivel de logro. Los porcentajes del nivel de logro son calculados usando solo alumnos que recibieron puntuaciones.

El SARC proporciona la siguiente información relevante a la prioridad estatal: Participación Parental (Prioridad 3): Esfuerzos que hace el distrito escolar para solicitar el aporte parental en toma de decisiones relacionadas al distrito escolar y en cada sitio escolar.

Oportunidades para Participación Parental del 2023-24

Se alienta a los padres y cuidadores a participar en la educación de sus hijos de diversas maneras. Alentamos y damos la bienvenida a la participación de los padres a través de la asistencia a las reuniones del director, las conferencias de padres y maestros, la membresía del Consejo Estudiantil, las reuniones de Consejo Asesor para Estudiantes del Inglés (ELAC, por sus siglas en inglés), las reuniones de la Asociación de Padres y Maestros (PTA, por sus siglas en inglés) y la participación en las encuestas de padres.

Nuestra PTA ofrece una serie de actividades de enriquecimiento que incluyen asambleas. Nuestra PTA de Monte Vista también proporciona fondos a los maestros para materiales de instrucción adicionales para sus aulas. El Consejo del Sitio Escolar supervisa la implementación y eficacia del Plan Escolar para el Rendimiento Estudiantil. Este grupo colaborativo está compuesto por igual número de padres representantes y personal escolar. Las reuniones están abiertas a todos los miembros de la comunidad. El Consejo Asesor del Idioma Inglés reúne al personal de la escuela y a los padres de los alumnos que aprenden inglés para revisar las necesidades de los estudiantes que aprenden inglés como segundo idioma y juntos desarrollan sistemas de apoyo educativo para garantizar el éxito estudiantil. Todas las reuniones de este año se llevarán a cabo virtualmente.

Formación Profesional

La formación profesional en los Distritos Escolares Unificados de Cotati-Rohnert Park se centra en las mejores prácticas probadas por la investigación. Además de los tres días de formación que se imparten fuera del año lectivo, los profesores tienen numerosas oportunidades de desarrollarse como profesionales a través de formaciones patrocinadas por el distrito que se ofrecen en tiempo libre y en fechas de formación profesional programadas regularmente. Las escuelas primarias disponen de dos tardes al mes para formación profesional. La escuela está implementando Comunidades Profesionales de Aprendizaje para revisar los datos de progreso de los alumnos. Las Comunidades Profesionales de Aprendizaje apoyan a los maestros y al crecimiento estudiantil y permiten que los maestros tengan un tiempo para diferenciar sus lecciones y para que definan estrategias para proporcionar diferentes oportunidades para que los alumnos demuestren su aprendizaje y crecimiento.

2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Facility Conditions and Planned Improvements

Monte Vista opened after initial construction was completed in 1990. In 1993, the MU/kitchen, Library/Admin, Kindergarten, and additional classrooms were added as permanent buildings. During the summer of 1997, six additional portable classrooms were added to accommodate the increased number of classes, which resulted from lowering class size in grades K-3. In addition, a YMCA program is housed in a double-wide portable building on site. The school contains 23 classrooms, a multi-use room, staff room, office and workroom, seminar room, library, computer lab, updated play structures and storage. Monte Vista buildings now comprise over 51,200 square feet on more than 8.75 acres.

Monte Vista's long-term preservation is part of the Districts five year Deferred Maintenance Plan as mandated by the state. As a participant in the plan, the campus was painted in the summer of 2005. Carpets in classrooms and school buildings is replaced as needed. During the Summer of 2020 new carpet was installed in the Office and staff workroom. In 2007, Deferred Maintenance funds were used to replace flooring in 13 classrooms and 2 bathrooms, along with new bathroom partitions and concrete sidewalk repairs. It is currently maintained on a daily basis by the onsite custodial staff, supplemented by the District Maintenance and Operations Dept. Handicap accessibility needs and improvements are continually reviewed. Because the campus was built after October 12, 1988, construction practices prohibited ACBM.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

This collaborative group is composed of equal number of parent representatives and school staff. Meetings are open to all members of the community. Professional Development

Professional Development in the Cotati-Rohnert Park Unified School Districts targets research-proven best practices. In addition to three days of training provided outside of the student instructional year, teachers have numerous opportunities to develop as professionals through district-sponsored trainings offered through release time and on regularly scheduled professional development dates. The elementary schools have two afternoons per month for professional development. The site is implementing Professional Learning Communities that review student progress data. The Professional Learning Communities support teacher and student growth and allow teachers time to discuss differentiating their lessons and how to provide multiple opportunities for students to demonstrate their learning and growth.
