2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

At Marguerite Hahn Elementary, we partner with families to give all students a strong foundation. Our school vision is to create a community of lifelong learners using a meaning-centered curriculum where all individuals, skills, and talents are respected. All learners will strive to be caring, ethical, responsible individuals who embrace personal, social, and academic challenges that promote resiliency and acceptance of self and others. We have an ongoing commitment to provide an optimal education for all. At Marguerite Hahn Elementary School, we have four expectations: Be Safe, Respectful, Responsible, and Kind.

At Marguerite Hahn Elementary, our school is a professional learning community (PLC) and our focus is learning. Teachers meet regularly in professional learning teams (PLTs) to look at student data and academic progress. During these meetings,

2025-26 School Description and Mission Statement

we adjust instruction and plan for future lessons, ensuring that all students are making academic progress. We also believe that a focus on learning includes students learning from their mistakes and how to deal with conflict. We are committed to talking with students and helping them learn from experiences and interactions so that they can grow both socially and emotionally.

Our PTA helps support our positive school community through family after school events, sponsoring our campus activities, and supporting field trips, by giving each student money towards trips. We encourage all of our families to be involved in both their child's learning and our school community. We believe that when we come together as a team, we are able to provide the best learning for students. Together, we make up Team Hahn.

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Hahn is located on approximately ten acres adjacent to Honeybee Park. The school is made up of varied types of construction, with 16 portable classrooms and 3 permanent buildings that house 10 classrooms. School operations originally began in 1978 with three permanent classroom buildings. The MU was built in 1987. Additional permanent classroom buildings and the office complex were constructed in 1999. In the summer of 2008, two (2) portable classrooms were added to accommodate the increase in enrollment. The YMCA program is also housed in a portable on campus.

Like all District schools, the fire marshal, health department, and insurance carrier have inspected Marguerite Hahn. The reports are positive, and when problems are noted, they are addressed immediately. The asbestos 3 year re-inspection was completed in March 2025.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Marguerite Hahn School is a TK through fifth grade school in the suburb of Rohnert Park, a city of approximately 50,000. It is located in a middle class neighborhood of primarily single-family homes near a golf course and small, neighborhood shopping center.

At Marguerite Hahn Elementary School, we believe that a strong partnership between school and home is essential. Teachers hold parent-teacher conferences each year, teachers are also happy to meet with parents at other times that can be scheduled via email, Parent Square, or requested when you see them. Principal Diaz has an open door policy and encourages families to reach out or stop by the office. Every Friday there is a Principal Newsletter that goes out via Parent Square in the afternoon. Parents can also get updated information via the school social media pages and website. Students create a Panther News video students watch every Monday. We love having parents volunteer on our campus, we encourage families to help in the classroom or office. We encourage parents to fill out the YouthTruth survey to give us feedback.

Hahn also has an active and involved Parent Teacher Association (PTA) organization. The PTA meets several times throughout the school year, parents are notified of meetings via the Principal Newsletter. The PTA sponsors spirit days, family community events, field trips, and prizes for student achievement and growth. Parents can follow the Hahn PTA facebook and Instagram pages, look for flyers in homework folders & Parent Square, signup to help using the signup genius website which goes out in the Principal Newsletter before events.

We truly believe in partnering with parents in supporting their child, we enjoy working with you throughout the school year.

2025-26 School Safety Plan

There is little crime in the neighborhood or on the campus. It is important to us that we maintain an environment in which safety and security of our students is the goal of the entire community. In accordance with Education Code 35294.6. Hahn's Safety Plan is reviewed, evaluated and amended each year by the site council.

Each month, various types of emergency drills are practiced during the school day including: Disaster procedures, District School Suspension and Expulsion Policies, Procedures to Notify Teachers of Dangerous Pupils, Sexual Harassment, and Procedures for Safe Ingress and Egress of pupils, parents and staff to and from School, and Safe and Orderly Environment conducive to Learning. In addition, staff practices various scenarios and roles that they may experience during emergency situations during monthly staff meetings, including: active shooter, student allergies, what to do if you suspect a head injury on the playground, etc. At least one time a year, students, staff and parents practice a full scale comprehensive drill, where kindergarten students are released to their families using our emergency release system.

Staff reviews the safety plan each fall and makes changes to any roles. Staff went through all safety supplies bins. Staff participated in an incident command training and an intruder training, put on by a safety consultant. During emergencies (and drills) staff use lanyards with student emergency contact information in them to take attendance. Depending on the emergency and location of the event, staff will observe the situation and act accordingly, taking students to the safest location. Staff communicates with the office via walkie-talkies about students being accounted for or if they are missing.

The PTA has provided first aid and emergency materials. The complete version of the School Safety Plan is available online and in the school office.

Professional Development

Professional Development in the Cotati-Rohnert Park Unified School Districts targets research-proven best practices. Before school started, staff participated in a professional development day on a new writing framework, SCOE Writing Revolution. In addition, Hahn has one afternoon per month for professional development, during this time staff receives training in areas of need including: writing, data, curriculum & standards, and student social/emotional support. During PLT meetings, teachers identify a priority standard, share successful teaching strategies based on data, and plan instruction and next steps.

Our students in second through fifth grade work use Reflex Math, as well as Accelerated Reader. All of our students work on Lexia. We look closely at student progress and plan instruction based on students' successes and challenges.

Student progress is shared individually, by giving students certificates of improvement and achievement on the STAR assessment and SBAC assessment. School wide STAR assessment data progress is shared with students and families.
