## 2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

### Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

## 2025-26 School Description and Mission Statement

School Description: Richard Crane Elementary is a year-round school with a population of approximately 293 students located in the C section of the Cotati Rohnert Park Unified School District. Richard Crane was reopened in the 2017 -2018 school year. All instruction is based on the Common Core Standards. To teach and address the social emotional needs of our students we use the Everyday Speech. Additionally, we are a Positive Behavioral Interventions and Supports (PBIS) and Restorative school. Behavioral expectations are modeled, clearly taught and students are commended for being respectful, safe and responsible. Monthly assemblies recognize students who demonstrate positive student behavior. School wide procedures and expectations provide a safe and orderly learning environment. To help ensure all students are successful academically, physically, socially and emotionally we support our students by focusing on effective first instruction. School wide we use the

2025-26 School Description and Mission Statement

Everyday Speech as well as mindfulness and growth mindset strategies. Richard Crane is focused on creating a school culture that is caring and safe, and students are permitted to take academic risks so students are ready to learn. We are building partnerships with our school community and our larger community. Richard Crane's PTA plays a vital role in engaging parents, students and teachers as we work together to enrich our students' experiences through supporting programs and activities. The funds raised through the PTA have enabled us to offer a School-wide play, school assemblies and community building Family Fun Nights. In addition, the PTA has purchased STEAM supplies, enhanced our library books, a sound system, recess, PE equipment for our students and helped supply books for our book vending machine. Our Cougar Cub pride can be seen everyday throughout our campus.

Vision: Our vision at Richard Crane Elementary is to provide a rich educational environment where all students are fully engaged in their learning. We believe it is critical for elementary school students to excel academically, emotionally, socially, and physically in order to grow into thriving students. These foundational beliefs are implemented into the teaching and learning for our students and define our school community. "A community where students are nurtured and empowered to excel as lifelong learners."

Mission: At Richard Crane Year Round Elementary School we are focused on meeting the unique needs of every student. We established practices that support the learning of the whole child to enable students to reach their learning potential. Through project based learning (PBL) and experiential activities, students explore the real work by thinking critically, collaborating, creating and communicating their understanding through a variety of methods. When our students promote to middle school, they will be empowered to succeed at high levels.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## School Facility Conditions and Planned Improvements

Prior to the reopening of our school, Richard Crane was completely remodeled. A new kindergarten building was built to house our TK and K students. The kindergarten bathrooms are ADA compliant and accessible to all the kindergarten students within the building. The other school buildings were remodeled. Windows with shades were installed to let in natural light. Motion sensor lights were installed to provide adequate lighting for optimum working conditions. Classrooms are equipped with new ducts for heating and air conditioning, furniture, technology, sound field systems, telephones, carpet, paint, and roofs. All bathrooms are ADA compliant. Prior to opening, all emergency alarms, fire extinguishers, and water systems were tested to ensure they were in proper working condition. All new playground structures were installed. All safety and maintenance requested are dealt with in a timely manner to ensure the safety of our staff and students. The three-year asbestos re-inspection occurred in March 2025.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### 2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

C. Engagement

**State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Richard Crane has focused on building a strong community and providing opportunities for parent involvement. Parents are encouraged to participate in the classroom and with all school activities. Communication is an important aspect in assisting parents to become and stay involved in our community. Teachers communicate with families via ParentSquare and social media. As a school we let families know what is happening through our school and PTA Facebook pages and Instagram page. Our school newsletter, The Pride, is sent out to parents weekly along with updates from the school and PTA. Parents are considered partners in our school community and are encouraged to participate. Parents are invited to join PTA, ELAC and School Site Council.

2025-26 School Safety Plan

Richard Crane complies with existing laws related to school safety. These include: Disaster Procedures, District School Suspension and Expulsion Policies, Procedures to Notify Teachers of Dangerous Pupils, Sexual harassment, and Procedures for Safe Ingress and Egress of pupils, parents and staff to and from school, and Safe and Orderly Environment conducive to learning. These policies are regularly reviewed, evaluated and amended if needed by the School Site Council. In addition, our staff continues to address school safety on an ongoing basis by identifying and addressing issues as they occur throughout the year. Finally, staff and students participate in regular safety drills to better prepare themselves to handle emergencies. The Richard Crane Safety Plan was developed with the staff and site council. It was adopted by the Site Council on September 21, 2017. The Safety Plan was reviewed, evaluated and amended by our Site Council on 2/05/2026. Every room is supplied with an emergency backpack and emergency procedures chart. Radios are in each quad and most rooms. Each student has an emergency release lanyard.

## Professional Development

Professional Development in the Cotati-Rohnert Park Unified School District targets research-proven best practices. Three days of training are provided outside of the student instructional year, teachers have numerous opportunities to develop as professionals through district-sponsored trainings offered through release time and on regularly scheduled professional development dates. The elementary schools have three afternoons per month for professional development, committee meetings and staff meetings. Richard Crane has focused on improving instructional practices with a focus on best first instruction and using data to determine instruction through professional learning teams. Richard Crane is working with the Sonoma County Office of Education with a focus on opinion writing. We are also focusing on increasing students access to the curriculum and increasing positive student relationships. Our Leadership Team meets monthly to help guide our professional learning teams. Professional Learning Teams meet weekly to look at data and plan instruction.

This table displays the number of school days dedicated to staff development and continuous improvement.
