Proposed Budget 2024-25

- The Local Control Funding Formula (LCFF) was implemented in 2013/14
- A key piece to the formula is the Local Control Accountability Plan (LCAP)
The LCAP requires reporting of goals and related expenditures that will align with the district's budget
- Both the Preliminary LCAP and Preliminary Budget must be presented in a public hearing in a meeting prior to adoption to allow for discussion and public input
- The LCAP and Proposed Budget are both presented tonight for final adoption and approval at our next meeting June 18, 2024

Proposed Budget 2024-25

- The Proposed Budget for 2024-25 contains the most updated information available up to and including the Governor's May Revision Proposal
- The Governor is just one voice in the state's 2024-25 budget, and he cannot pass the budget alone
- The State Senate and State Assembly get to weigh in and each have submitted their budget proposals for 2024 -25 which could potentially provide additional funding and/or reduce expenditures for schools

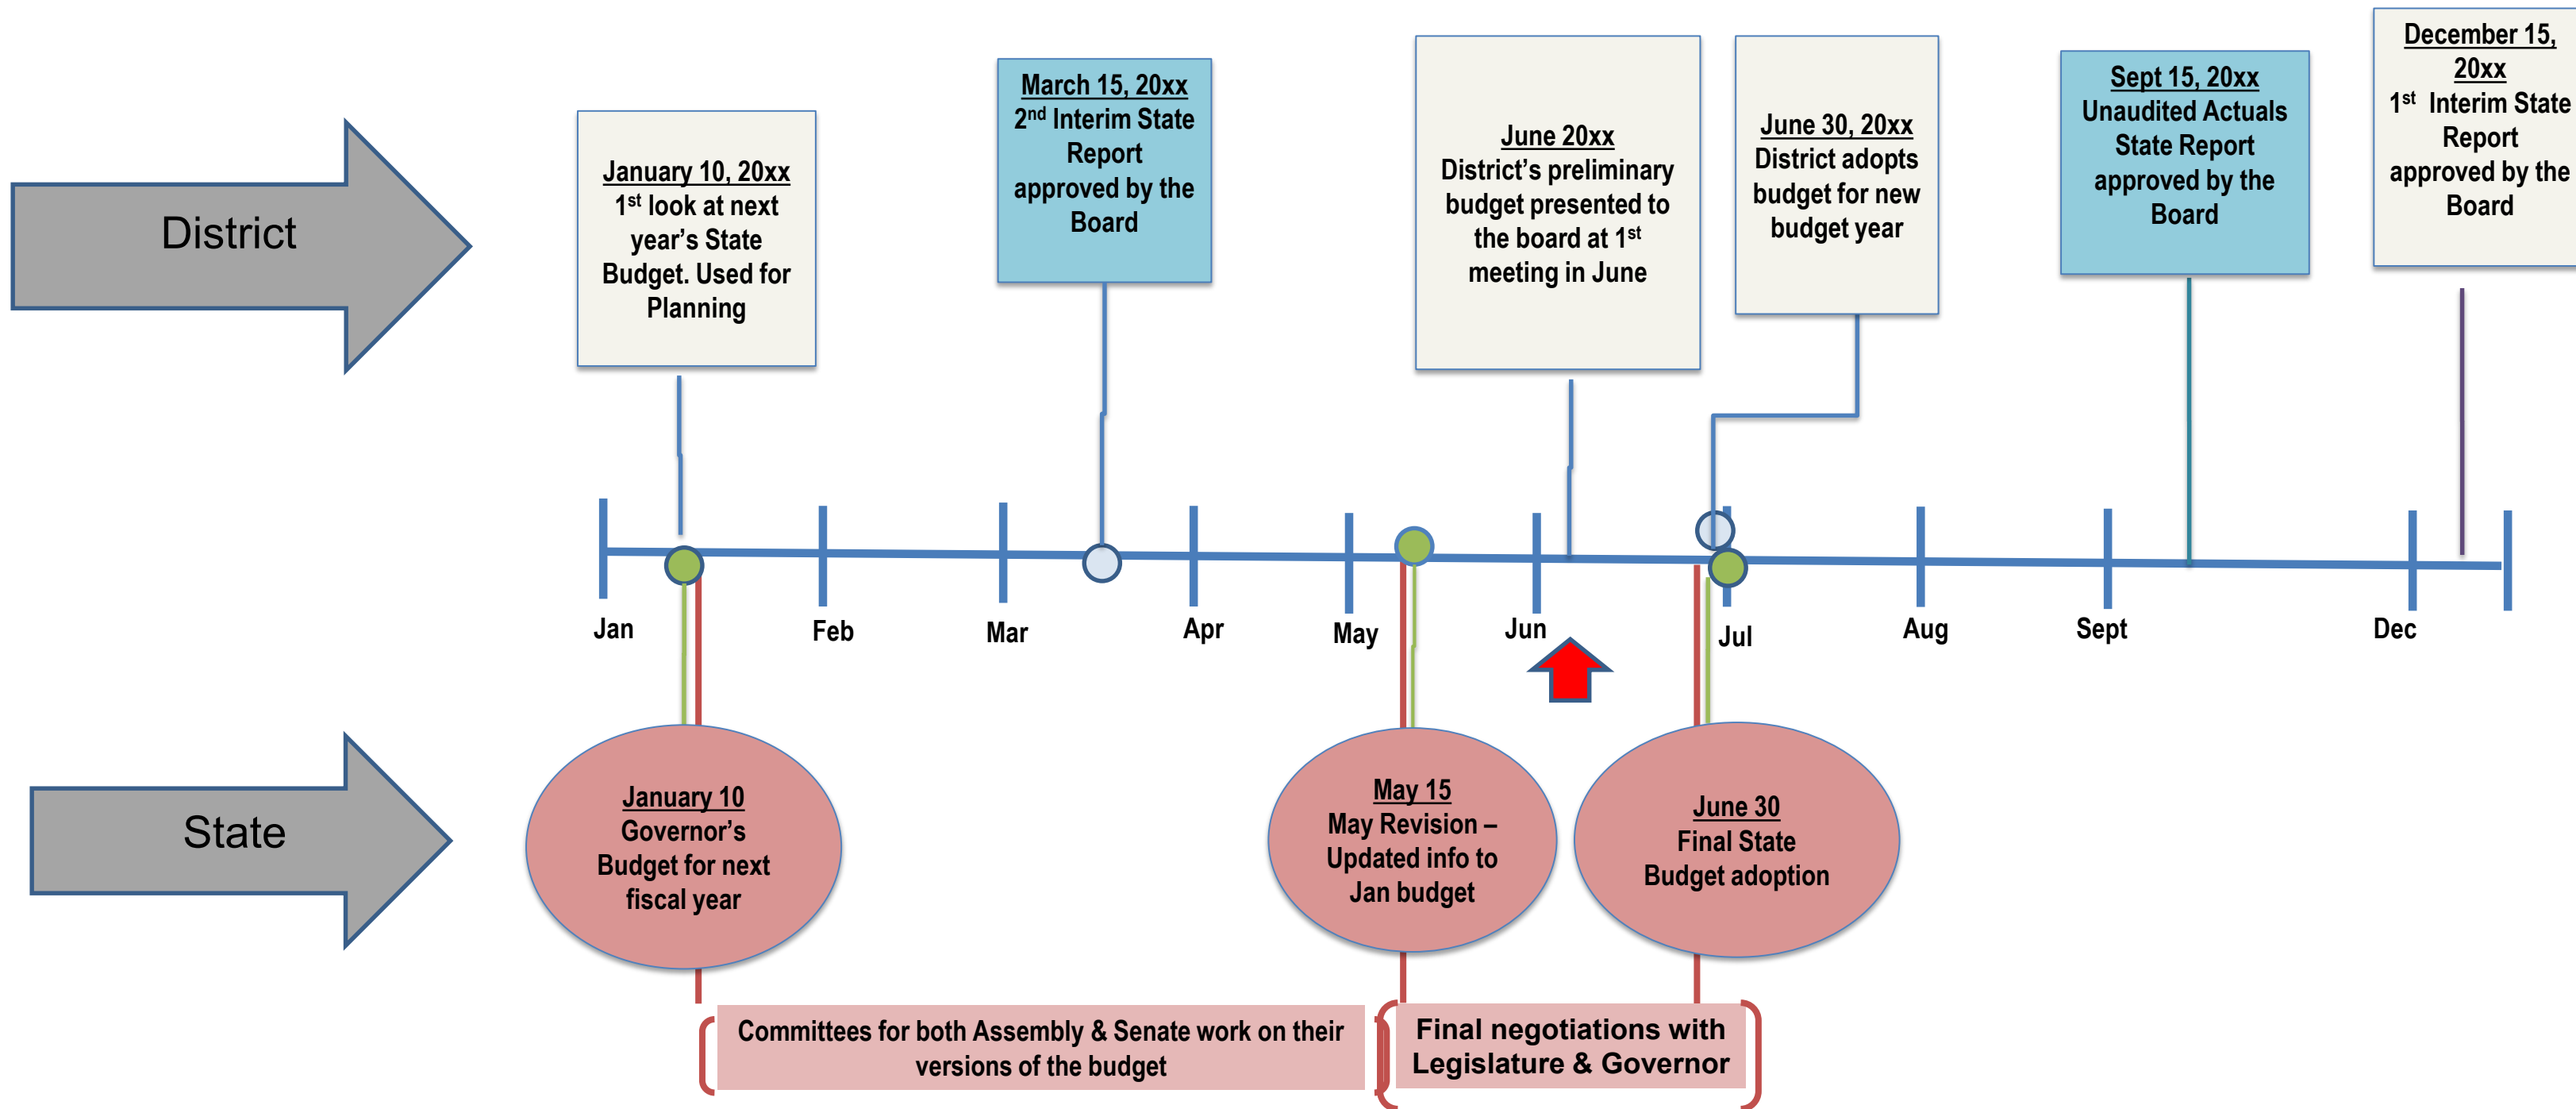

State Budget Process

- January
 - Governor's proposed budget for budget year
- February
 - Legislative Analyst review with comments
- April
 - Statutory COLA recalculated
- May
 - "May Revise" reflects tax adjustments
- June 15 (or later)
 - Final adopted State budget
 - Final COLA
 - Potential additional programs, or funding changes
- November
 - Legislative Analyst Report (LAO Report)
 - Projections for next year based on tax collections and economic predictors
- January
 - Governor's proposed budget for next budget year...

District Budget Process

Themes for the May Revision

- **At the May Revision, Governor Gavin Newsom must resolve projected budget deficits in 2024-25 and 2025-26, and actual deficits in the current fiscal year**
 - **Outside education, he proposes significant spending cuts to government operations, reductions to programs, and pauses of new investments**
 - **Thankfully, K-14 education continues to be shielded from ongoing programmatic reductions**
 - **This is accomplished by fully depleting the Proposition 98 Rainy Day Fund, increasing the size of the Proposition 98 “funding maneuver,” and adding one-time education cuts**
- **The Governor does not assume a recession, but includes risks that would affect Proposition 98 should they come to pass**

The State Budget and the Economy

Both the Dow Jones and the S&P 500 are trending up with single digit percentage growth since the Governor's January budget release

Stagflation, which occurs when there is simultaneous slow growth, high unemployment, and rising costs, is now a concern

California's unemployment rate has grown significantly and is currently the highest in the nation

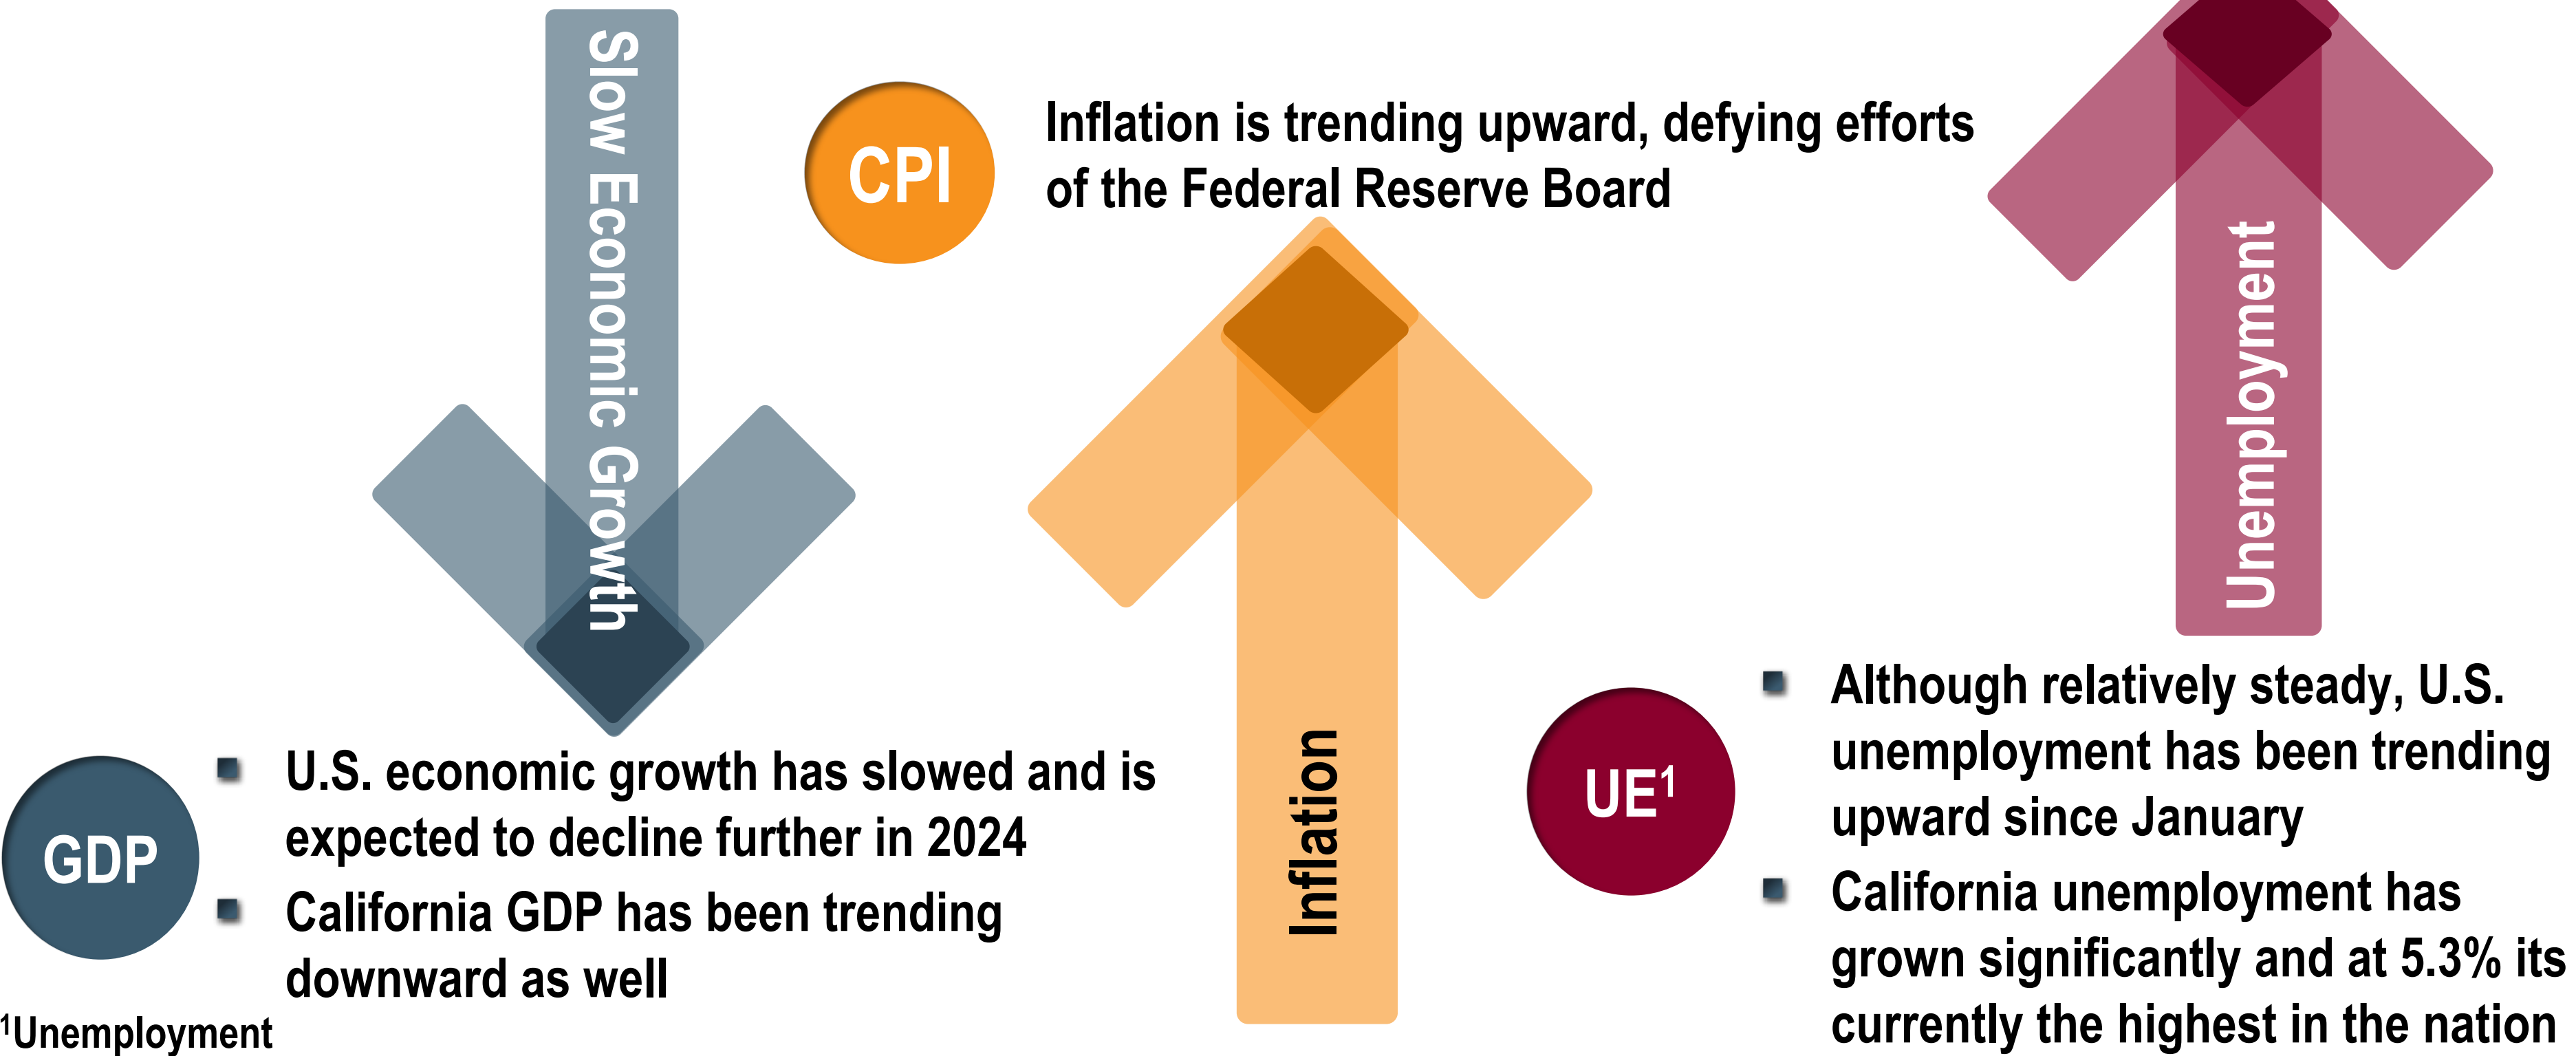

California's Gross Domestic Product (GDP) has been trending down

The big-three sources of state revenue (i.e., personal income, corporation, and sales and use taxes) are projected to be lower by \$10.5 billion over the three-year budget window when compared to January

Stagflation

- Stagflation occurs when there is simultaneous slow growth, high unemployment, and rising costs and can be protracted and difficult to correct

Risks to the State Budget

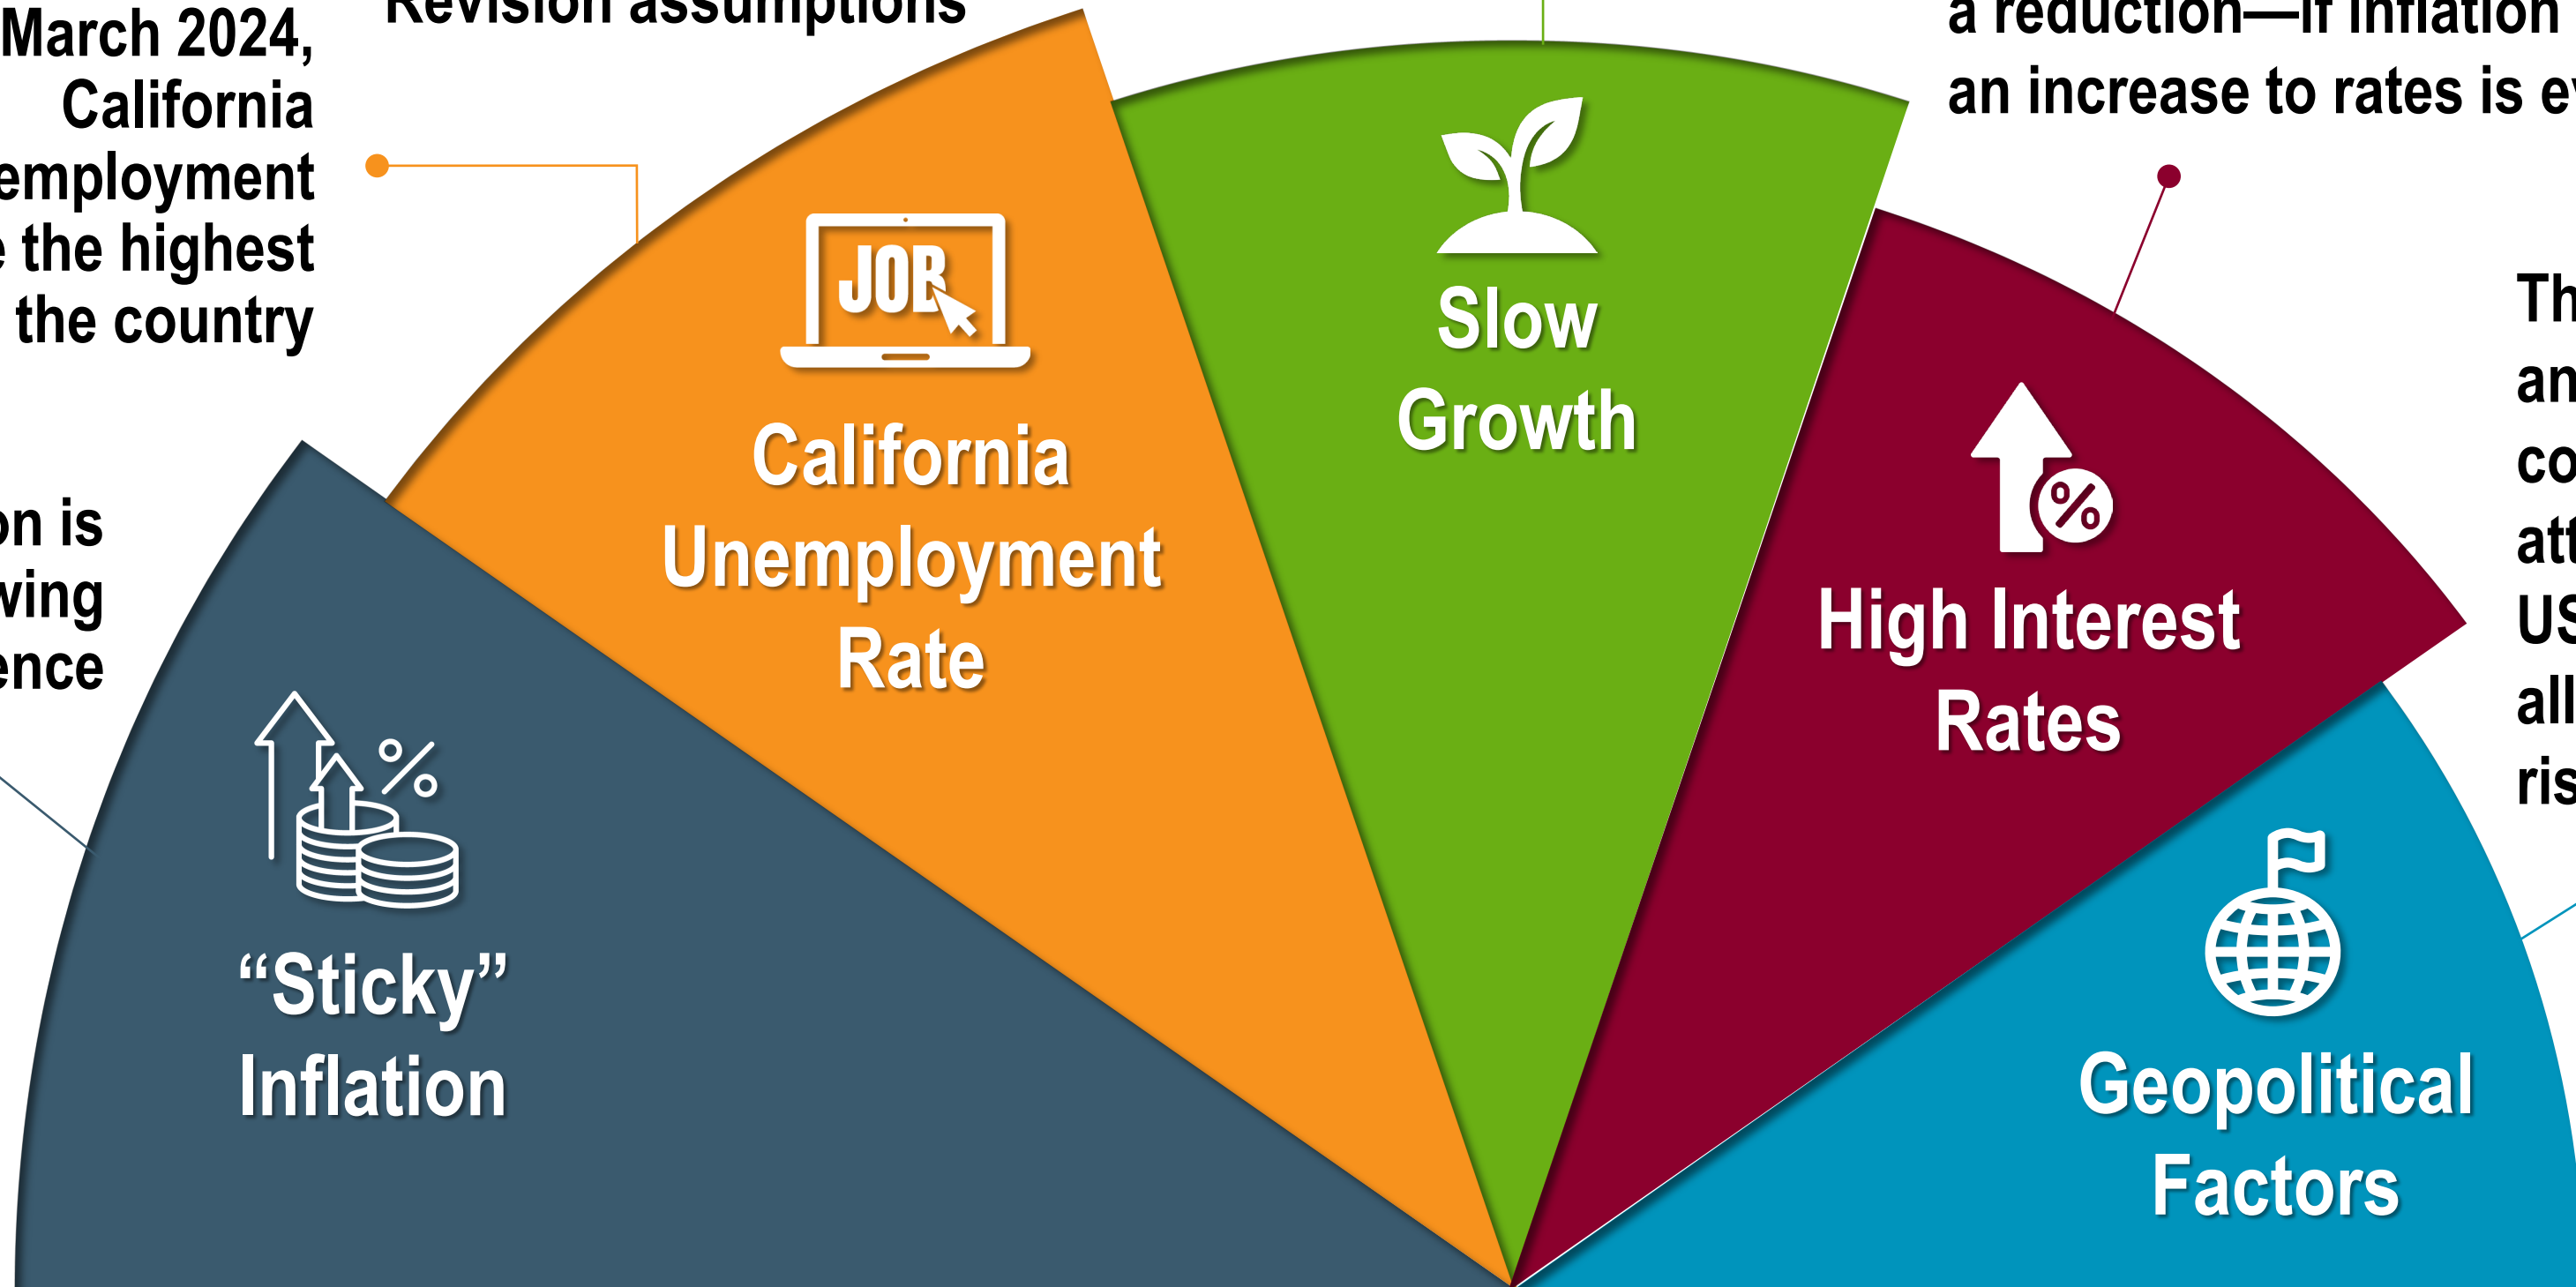

The state and national economies are in a slow growth pattern and may grow more slowly than the May Revision assumptions

Elevated rates curtail growth. The Fed rate is anticipated to hold steady until later this year, when we are hoping to see a reduction—if inflation continues to rise, an increase to rates is even possible

In March 2024, California unemployment became the highest in the country

Inflation is showing persistence

The Russia-Ukraine and middle east conflicts, cyber-attacks, and US/China relations all pose economic risks

Statewide Average Reserve Levels

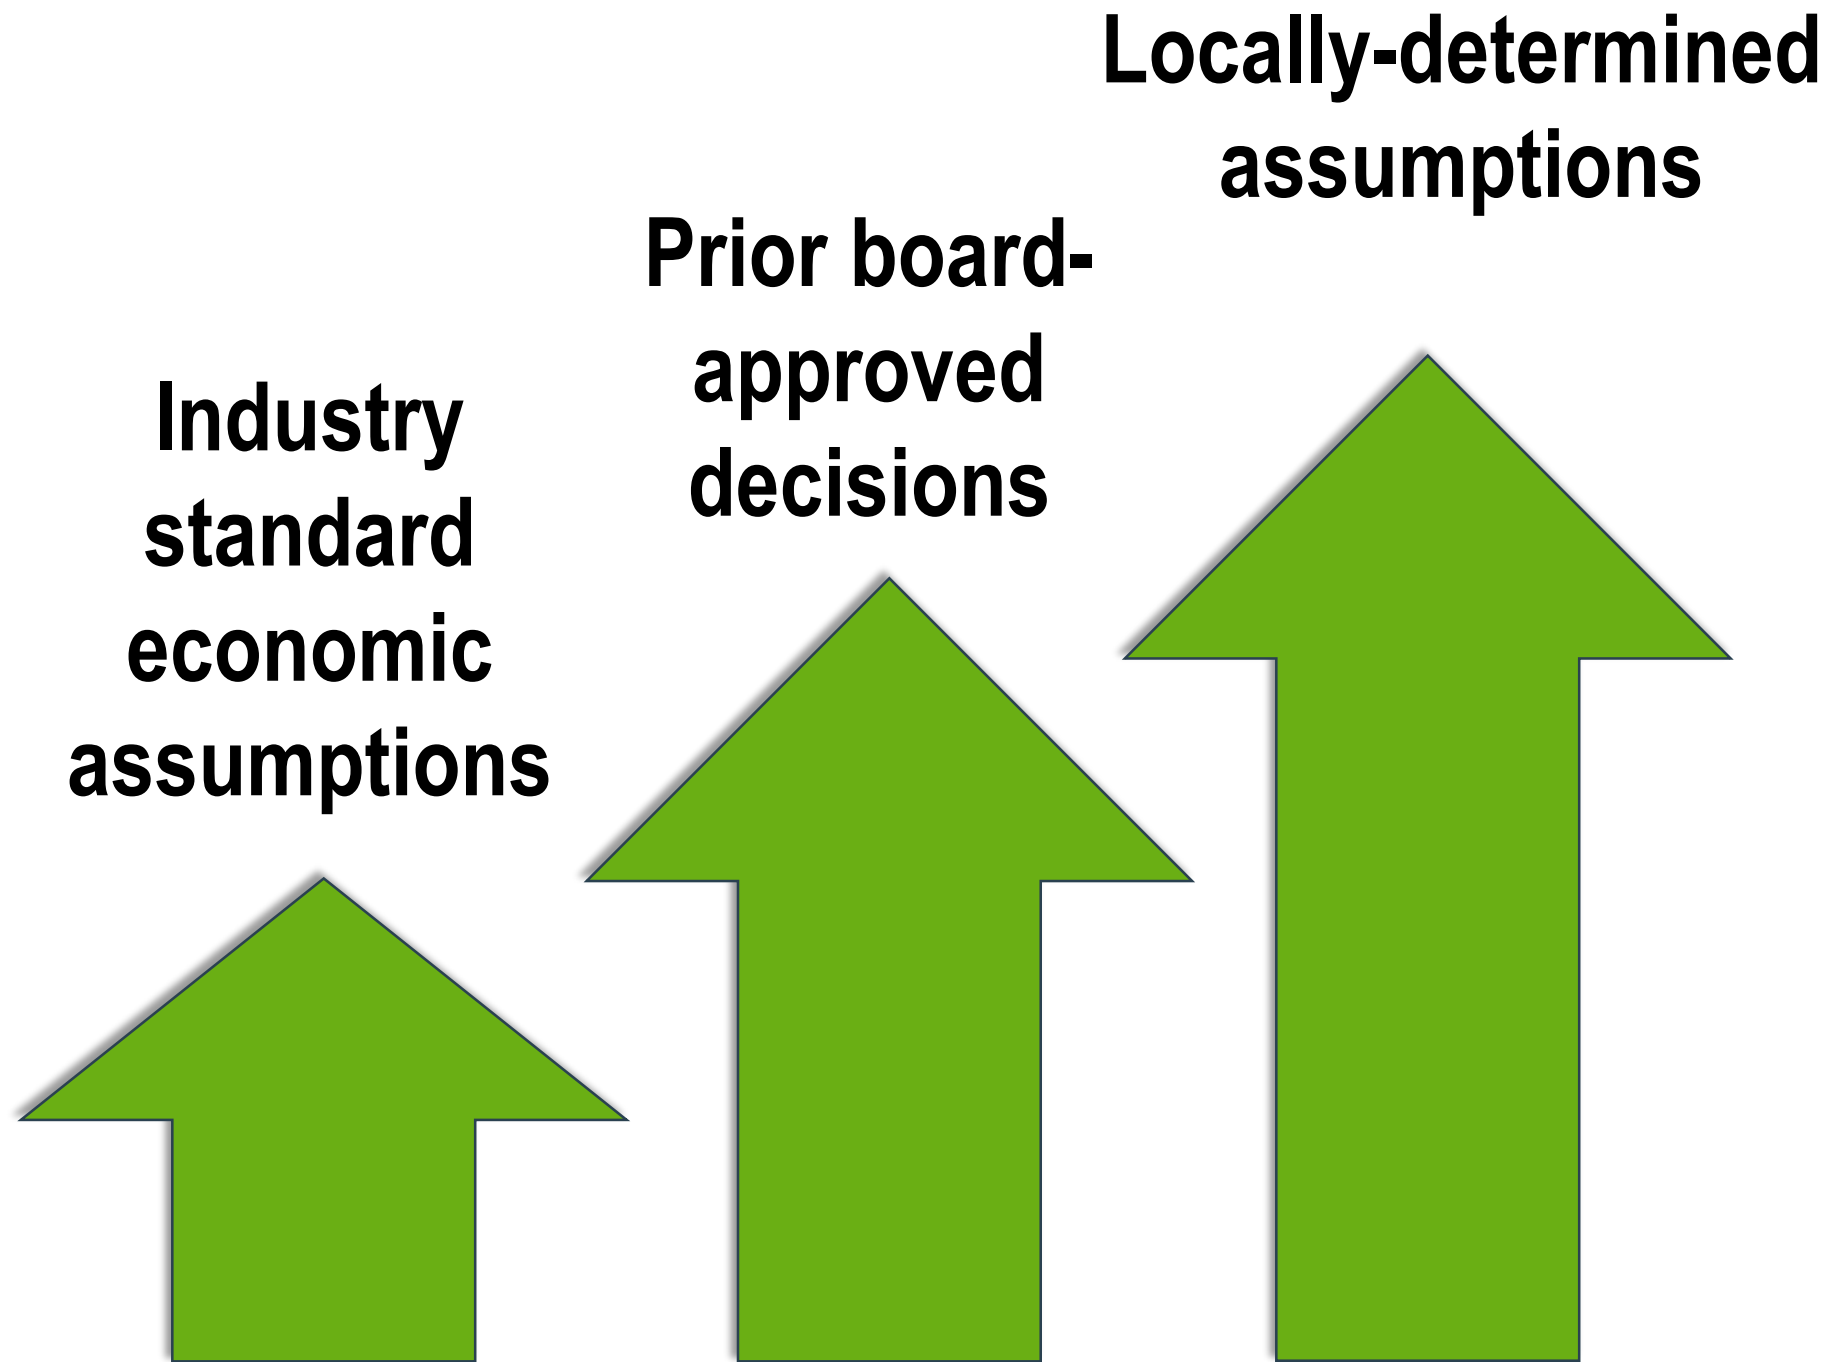

- The latest statewide data on school district reserves available is for 2022-23
 - Rise in reserves is likely due to the 6.70% augmentation to the Local Control Funding Formula (LCFF) in the 2022-23 Enacted Budget, spending of one-time, restricted revenues, and additional average daily attendance (ADA) mitigation policies

- Enrollment/ADA trends
- Future impact of STRS/PERS
- Future technology needs
- Increases in general cost of doing business
- Containing Special Education costs
- Compensation cost pressures
- Expiring one-time funds

Budget Adoption Approval

- . The Budget Adoption projection indicates that the Cotati Rohnert Park Unified School District is projected to meet the required 3% reserve for economic uncertainties for the budget year and one subsequent year*
- . Staff recommends that the Board adopt the 202425 budget as presented*
