1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

Throughout the 2025 - 2026 school year, Cotati Rohnert Park Unified School District has continued to implement various stages of our Prop 28 plan. Our VAPA FTE has shown an increase in our district, and we are proud to be offering high-quality arts education at our school sites. In addition to our full-time FTE increase, arts education specialists were also utilized more frequently this school year in order to support, expand, and enhance educational opportunities for our students. Our district has continued to support VAPA educators by purchasing various instructional materials that are necessary for both program functionality and program expansion. In addition to the information above, we have broadened our arts partnerships and community connections through the use of Prop 28 funding. We are still providing professional development opportunities for arts educators in order to promote teacher learning and growth. Several of our new district VAPA programs and classes are growing and will continue to grow into the next school year due to the additional VAPA funding our district has access to. CRPUSD will continue to evaluate our next steps and procedures in regards to Prop 28 in order to assist the needs of our students and arts educators.
